

## Division of Fleet and Surplus Services

### Traveling in or through Mexico while using a State owned vehicle

- Risk Management will not cover vehicles traveling in Mexico
- Purchase insurance PRIOR to entering the country
- DFSS will not reimburse for additional insurance travel expenses

### Risk Management minimum coverage amounts:

While confirming your insurance protection, please verify that your coverage is equal to or exceeds standards set by State of Utah Risk Management. Those standards are as follows:

Bodily Injury Per Person.....	\$500,000
Bodily Injury Per Accident .....	\$1,000,000
Property.....	\$250,000
Commercial General Liability .....	\$500,000
Commercial Aggregate General Liability .....	\$1,000,000

### Additional insurance information and guidelines:

Before fleet vehicles will be sent into Mexico, it is necessary for the traveler to make arrangements for obtaining Mexican Insurance.

- Insurance policy must reside with the vehicle at all times.
- Drivers need to be 21 years or older to drive in Mexico.
- Unless the automobile is insured through a Mexican insurance company or other insurer licensed under the laws of Mexico, the driver may spend many hours or days in jail resulting from an accident in Mexico.
- It is imperative that the vehicle operator purchase auto liability, medical payments and physical damage (comprehensive and collision) insurance that is valid in Mexico.
- The purchase of this insurance will help the driver avoid some complications and penalties under the laws of Mexico, including the possible impoundment of the vehicle.
- If your vehicle is towing another piece of equipment, that equipment will also need to be covered by the appropriate insurance.
